# NJPAC & AENJ

New Jersey Performing Arts Center and the Art Educators of New Jersey,  
great together-virtually!

Offering Art educators from across the state the opportunity to showcase students' works throughout the calendar year- thirty, juried pieces of art are exhibited outside of the Victoria Theater to be viewed by audiences of all ages. Artworks from public and private schools, in a variety of mediums, adorn the lobby on the way into the beautiful theater equipped to host a variety of performances from dance to music to theatrical productions.

It continues to be an exciting, community experience and partnership to promote the visual arts through the years.
